Mark,

This letter was BEAUTIFUL!!!!

I am so sorry I have not gotten back with you on the letters you sent me last week or was it the week before? I am SORRY!!!! Things have been a little crazy down here in my neck of the woods. Hurrican Rita decided to give us a hard time here in East Texas. I may be coming to Arlington soon. My sister and her family live there. We are without power(and phone service)and the Electric company told us yesterday it may be several weeks before power is restored. My son has asthma and the heat is not good for him. We live in the Sam Houston National Forest along with about 10 other families on our little loop. Two of the elderly couples took a very bad turn this morning. Both of the husbands had to be hospitalized. One had a heart attack and one had a massive stroke due to the heat!

I think you have a very strong command of the English language and I am quite impressed. Thank you for sharing the letters with me!!!! I think I have basically decided not to join TAPE. I do not want to be associated with such a group. I know my personality too well. If someone were to mouth off at me, I would probably go to jail and somebody--not me of course, but someone would lose a few teeth--HA~ HA!!!!

Thank you again for you and your wife's hard work. The next time I am in the Metroplex I am planning on looking you guys up. I can't wait to meet the two of you!

Thanks again,

*Maria "Ree" Hubbard*
