Good morning Kelly,

I am currently in the background process for a full time position with the State of Arizona. As a result, I will no longer be able to provide polygraph services to La Paz County. If all goes well, my start date for my new employment will be on April 4<sup>th</sup>. We have polygraphs scheduled for April 7<sup>th</sup> and 8<sup>th</sup>. Eric Popilek would like to provide these services to La Paz under his business and insurance. Please let me know what you need from me. I have copied him on this email so you can let him know what you need from him also.

Thanks!

Yes...him paying \$300 is certainly warranted. The issue with going back too far on a polygraph is that it becomes a supervision rut. Chances are you are not going to revoke him on something he did a year ago....so it is better to focus on the here and now to make sure it is easier for you to supervise him.

Yes....he failed Subtest B. The questions about accessing the internet and peeping; however, too much time has gone by for us to "resolve" that test. My suggestion is to focus on what has happened since his last polygraph to see if he is still doing those things. The important questions for public safety are minors and sex contacts. He has been passing those questions.

Sound good Kelly! No problem with the payment of \$50. I accept cash, cashier check, or money order. As for [redacted] he passed his last two polygraphs in regards to minors and sexual contacts. We can't resolve a polygraph that is 8 months old. I recommend testing him in the same areas with a timeframe of "since his last polygraph". Lets see if the behavior has changed. Let me know if you have any questions. I have copied Eric on this email to coordinate times.

Thanks!

Hey Dan, just wanted to give you a little more info on the polys needed on 4/7 & 4/8. Here is a list of the following clients that will need a polygraph and what type they will need:

- needs to resolve his failed Maintenance poly from 8/26/21  
Maintenance
  - Maintenance
  - Maintenance (his first polygraph)
  - Maintenance
- Maintenance (no poly since 12/18/20)

Also, we were wondering if you had any issues with our clients paying you (with a money order) \$50 and you billing us for the remaining \$250? Except for [redacted] who will need to pay you the full \$300 because he failed his last poly.

If Eric wants to give me times, I will assign the clients so there is no interference with their treatment. [redacted] is no longer in treatment classes so he can go when all other clients will be in class on 4/8. 😊

Hi Dan,

I did get your email but I was out of the office for a couple days. So the 7<sup>th</sup> and 8<sup>th</sup> of April work...but we do have Sex Offender treatment going on from 12 – 2pm on the 8th. Also, she alternates with the clients and does individual counseling before/after group too so I would need to just make sure that all polys coincide with times that work for the clients...it should work. The new cost should be fine. We have a meeting in a couple weeks to try and secure the funds needed for the year so we'll just tell the state what we need and go from there. Hope you had a nice Holiday season 😊

Did we ever come up with a date/times for polygraphs back here in La Paz? I know we discussed that Eric goes to Mohave a lot but I don't remember anything concrete. Also, when you were here in June we had 2 fails and 2 fail to take the exam. I have 2 more that I can add that are just due for an exam bringing the total to 6 tests. Can we schedule something for August??? These are the following that would need an exam:

- last maintenance 9/2020 – passed
- last maintenance 6/2021 – Failed
- last maintenance 9/2020 – passed
- - last maintenance 12/2020 – Failed
- Attempt to resolve 6/2021 – Did not take test (sick)
- last maintenance 6/2021 – Failed
- last maintenance 6/2021 – Did not take test (sick)

Let me know what dates you have available....FYI...Mondays are almost always bad.

I was just advised yesterday that Lorre Anderson does not wish to renew her contract with us come end of September this year. Do you know anyone that would consider coming to La Paz County like she used to, one day a week every other week? I believe you were the one who pointed us in the direction of Lorre so I'm reaching out to you again. I know that she used to work up in Coconino so maybe whomever replaced her up there may be interested??? Any leads or info would be appreciated. We still have 3 months but that will go by quickly and I don't know what we'll do without treatment. Thanks 😊

Thanks for the report. As for \_\_\_\_\_, he started talking about that months ago. He has always stated that the PO was pushing it. he reportedly had not even talked to his attorney about it until then and even then he waited. So not really sure what is going on!

**Subject:** RE: Polygraphs

Hey just a quick FYI... will not be taking a polygraph this go-round so I've scheduled everyone so that you will have 3 polygraphs on 6/2 – 9am, 11am, & 1pm, and only 2 polygraphs on 6/3 – 9am and 11am.

No need to do anything special with the schedules. An Instant Offense should take just as long as a maintenance. It is when we have sexual history tests that we need to allocate more time.

I can be available any of those days....and would it be too late to add another client? just had an inconclusive in June this year and would like to resolve it so he doesn't have to have any restrictions with us...he is moving back to La Paz County. If he can be added, that would be great. If there are already too many, I will get him in on the next group that we have. Thanks.

I would love to schedule some polygraphs...and it's been such a long time since we've had any that I actually have multiple people needing one. Would you (or someone from your office) consider a couple of days worth of testing or should I just narrow it down to the top 4???

Sorry it took so long to get back to you. First, Monday the 22<sup>nd</sup> is not good. Monday's are our Court date and the place is swamped. Second, Friday the 26<sup>th</sup> does not work either as Dianna cannot cover for me while I'm out. Lastly, Lorre did not get back to me on what type of Polygraphs she is asking for so maybe it is best if we try to schedule something out a little later.

If it's a matter of needing more polygraphs to justify coming all the way to La Paz, I can definitely get a couple more people to polygraph. I have a couple of new guys that have not had a polygraph yet...they could do Maintenance polygraphs. I also have who has failed every polygraph so far...he needs to resolve his failed tests...and then of course the 2 newest clients that Lorre wants to have polygraphs done on.

Let me know how the month of July looks...or at the latest, early August. Thanks Dan, sorry for being so complicated lol.

Good morning,

I will need to schedule a few polygraphs with Dan in the upcoming couple of months. The following will need to be seen prior to 11/8/19 if we are to stay under a year since their last polygraph:

- last polygraph was 11/8/19 (Maintenance) – which he resolved his previous 3 failures
- last polygraph was 11/8/19 (Maintenance) – which he failed
- last polygraph was 11/8/19 (Maintenance) – which he resolved his previous 2 failures

And this one will need a Sexual History polygraph:

- Last polygraph was 2/13/19 (Instant Offense) – which resulted in “Inconclusive/No Opinion”

Can you please see if you have any available dates to get these guys in? Thanks. 😊

Hi Kelly

Hi Dan,

Do you have a time that you would be able to come to La Paz so that the 3 people that failed the last poly could attempt to resolve it? I also have a new guy that Lorre may want me to schedule an instant offense or sexual history poly for...he's not completely up front.

As it stands right now, regular maintenance polys are not scheduled until January 2019, but the 3 who failed are on a restrictive schedule as a result of the failed poly and they would like (me too) to get off of that requirement earlier than January.

Let me know if something works for you...if not, they will just have to wait until January.

FYI...the new guy you did the poly on, he just committed a brand new offense with a 13 yr old.

I agree as well. However it concerns me he may be possessing a firearm too, that is a safety concern, especially with his past of being an avid hunter, fisherman, NRA instructor and arms dealer. But I understand keeping it separate. I am waiting to hear from Alicia on what he is going to be charged with, and then I'll decide if I am going to file a PTR or not. I'll keep you posted.

Thank you,

I agree with Dan...his sex offender polygraph cannot be combined with a new, different case. But let me know what I can do to help in any way.

Interesting stuff...I look forward to hearing the details as this is my former wheelhouse! As for the polygraph, we need to keep the Game and Fish investigation separate from the polygraph process. That protects the integrity of their investigation as well as the integrity of polygraph for probation purposes. I recommend that we focus his next polygraph on public safety concerns such as if he is currently sexually acting out and if he is being safe in the community with minors.

Thanks

Hi Kelly,

We conducted the search warrant at \_\_\_\_\_ house in Havasu and his dad's house in California today. We did not find the Elk in question, but we did gather some evidence. Also just an FYI, there are a TON of firearms at his dad's house (the house he stays at when he visits) from what Alicia with Fish and Game said. I am not sure yet what \_\_\_\_\_ going to be charged with, but I'll keep you posted about that and what will happen with his probation.

Alicia from Fish and Game would like some questions pertaining to the Elk hunt from September asked on polygraph coming up if possible, especially because he failed twice on the firearm questions. I have included her and Dan in this email, if you have any questions as far as what Alicia wants asked, please feel free to contact her.

Thank you,

Julie Weber
