ISSUE: The victim, MARLENE K. GABRIELSEN, [REDACTED] alleges that the above mentioned subject raped her at knifepoint. In her statement, Mrs. Gabrielsen said that the above mentioned John Ackroyd had agreed to give her a ride from Sisters to her residence. While enroute, she fell asleep in the cab of Ackroyd's pickup. His statement says that she was awakened by the suspect dragging her from the pickup and ripping her clothes from her body. The suspect had a large hunting knife in his hand and cut her underwear from her. She stated the suspect then laid her on the ground and had sexual intercourse with her, with the knife in his hand at all times. The victim stated that she fought the suspect to no avail. John Ackroyd denies the above allegations. He stated that he did give the woman a ride from Sisters and that while they were westbound on Hwy 20 she laid her head down in his lap and began fondling his penis. She then told him "why don't you pull over somewhere and we can have some fun". Ackroyd stated that he drove off of Hwy 20 and up Old Santiam Rd. where, after stopping the pickup, the alleged victim began undressing herself. Ackroyd stated that Mrs. Gabrielsen was the aggressor in the sexual activities that followed and that he at no time produced a knife or any other weapon.
